IDENTIFIERS	North Dakota

ABSTRACT

Information is presented on degree and certificate programs and the rate of student completions for fiscal year 1981-1982 at North Dakota postsecondary educational institutions. Information is categorized by program level and by type of institution. For the four- and two-year institutions, the chief administrator is identified, and data are provided on tuition (for full- and part-time resident and nonresident students), fees for full- and part-time students, room and board fees for the 1982-1983 academic year, and highest level of program offerings. Information is also provided for state-supported institutions, private institutions, and community colleges on: 1- and 2-year program offerings by subject, bachelor's degree offerings by subject (majors), bachelor's degree program offerings by subject (minors), master's degree program offerings by subject, specialist's degree program offerings by subject, and doctoral degree program offerings by subject. In addition, for public and private institutions, statistics are presented on the number of students completing 1- and 2-year programs by area; associate degrees by area, bachelor's degrees awarded by subject area by major and minor, professional degrees awarded, and master's and doctoral degrees awarded by subject area by majors. Additional information includes: the name and address of proprietary school contacts, program offerings by institution, and institutional financial aid officers for seven institutions. (SW)

SECTION 1

Public and Private Institutions

Program Offerings by Subject

INTRODUCTION

This report provides information on degree and certificate programs offered and student completions for fiscal year 1981-82 in North Dakota postsecondary educational institutions.

Information is categorized by program level and by type of institution. The proprietary institutions are identified with programs offered in Section II.

Cost information is included on pages 6 and 7. Individuals reviewing these items are encouraged to contact the institution directly for a complete cost breakdown. Tuition, fees, board and room charges are subject to change following the publication of this report.

Information included was provided by administrators in each institution. Those institutions that do not have complete data did not respond to all the Board's requests.

Individuals desiring additional program information about vocational-technical programs should check the directory published by the State Board for Vocational Education.

SECTION III

Financial Aid

General Information

INTRODUCTION

There are many students in North Dakota for whom the cost of obtaining any postsecondary training is a major obstacle.

To assist these needy students, there are a variety of grant, loan, and work programs available. These programs may be funded by the local postsecondary institution, the State of North Dakota, or the Federal government.

Since the criteria for eligibility and the procedures for application may vary from institution to institution, the interested student should contact the financial aid officer of the institution he plans to attend.

Interested students may also contact the Director of North Dakota Student Financial Assistance Program to obtain a booklet that describes many of the financial aid programs available and the procedures that must be followed to take advantage of them.

FOR MORE INFORMATION, PLEASE CONTACT
